PROJECTS (GITHUB)

1. PERSONAL PORTFOLIO

Developed a responsive personal portfolio website using HTML, CSS, JavaScript, and React.js to showcase my skills, projects, and experience. The portfolio features multiple components, including Home, About, Resume, and Contact, with seamless navigation and an interactive, user-friendly interface. This project highlights my proficiency in frontend development and modern web design practices.

2. TASK MANAGER

Developed the frontend of a Task Manager App using React.js, allowing users to create, edit, and sort tasks efficiently. Designed a responsive, mobile-first interface with HTML, CSS to enhance user experience. Implemented dynamic rendering to ensure real-time task updates. Managed version control using **Git** and **GitHub** throughout the development process.
